THE FIRST VOLUME of *The Athenian* as an Annual is now before you. Desiring a worthy commemoration of a memorable year, we have written up our classes and our organizations and our athletic contests and done them into a single volume, more elaborate than our pioneer efforts in school publications. May this volume serve to call up pleasant memories of a pleasant term, nothing more. It is not a literary effort; it was contrived for a single purpose, and we are sure that if you understand this purpose your criticism will not be harsh. At any rate we have done our best and extend the season's

Spring

Spring is here, with its cheer,
And winter is silent and dead;
Ghost-like the snow, was compelled to go,
With a weary drooping head.

Spring has come, with its fun,
Winter's cold days are o'er;
Now we must shun the red hot sun,
And dread sharp weather no more.

The spring bells ring, and the little birds sing,
As they hop around in the trees;
Spring's late birth, has filled them with mirth,
As they chirp their sweet tunes to the breeze.

The life and light of day so bright,
Make us happy as we can be;
Our hearts unfold as we behold,
A world so full of glee.

—Jessie Burnam, '18.

Dedication

SO MISS MARY CRUTCHFIELD, a kind and sympathetic friend, with an ever understanding heart, whom we esteem for all the noble qualities of christian gentlewomen and true teacher of young people and whose long affiliation with Sherman High has especially endeared her to the hearts of students, this volume of the Athenian is respectfully dedicated.

What Makes Us What We Are?

Ask you just one question,
In this race so far
Full of many pit-falls
Made you what you are?

Have you accomplished what you have
Just because you wanted to,
Or has something greater
With it had to do?

Is it merely for the honor
That you have done your best;
Please tell me, just what is it
Makes you want a better best?

On this question oft I've pondered
When attempting to reach my "star,"
Just why is it, anyway
That we are, what we are?

It isn't the goal we ourselves try to reach
Nor the races of life we strive to win,
But it's the standard others set for us
That makes us go after things with a vim.

The first game was with the much touted Duran High. A touchdown was made by Jim plowing and straight football as playing was impossible on the heavy field but the native team played consistent football.

brilliant games of the entire season. The Oak Cliff S. H. S. in the second half we showed what careful training and hard work could do. Oak Cliff got an early lead by the interception of forward passes and at the close of the first half the score was Oak Cliff 33, Sherman 0.

plunge we made another thus being a gaffe that seemed a ready tool.

The score was 13-0.

Waxahachie

Waxahachie High came to Sherman contending for the championship, was promptly eliminated by Coach Carter's husky gridiron warriors. They were completely at our mercy, unable to out智 and masterly offened.

The final score was Sherman 24, Waxahachie 0.

Commerce

High to the Commerce Capital and took the field in a 10 to 0 score. The game was a dull one and was marked by frequent scoring.

Denison

Denison High came to town prepared to ave ge themselves for some definite last to reward. We showed our ardent rivals by the largest score of the season, 31 to 7. Denison's defense was perfectly weak and the local eleven made touch down after touch down.

Denison has never won a football game from Sherman.

Then Comes Greenville

The real classic in 1915 high school football in which the red and white gridironed their strongest rival for North Texas. The game was the lastest of a long list of hard fought iron battles, not even sweeping Oak Cliff and was marked by the greatest enthusiasm ever displayed by followers and supporters of Sherman High.

Sherman won a narrow contest and after every match he

regd by the overwhelming power of a safety record. In the final quarter the score was 15 to 11. While the power of Carter's machine was not wanting in the last quarter, Greenville was banting with an unsurpassed energy when the referee blew his whistle as marked the final touchdown. Stephens scored his touchdown after recovery of a long pass and Cox scored on the following end of a

Greenville on a special train over the Katy track and arrived in Greenville at 11:45 a.m. After we made the trip to the football field.

The dim of our gray attempted to cover the sun of enthusiasm both going and coming anticipating a victory. The joyful eyes of our ancient rival in the morning and celebrating our achievement in the evening. Another great celebration marked our return to town and a week later we burned the effigy of old Greenville on the public square.

Long live the Red and White.

Amarillo

In the last game of the season and before one of the largest crowds that ever witnessed a football game in the Panhandle, the undiscarded Sherman eleven with the championship of North Texas by defeating the Amarillo High school

spectacular contests of the season. Team work and the wonderful use of the forward pass proved a decided factor for the Amarillo boys. The passing of Compton in receiving of Stephens paved the way for the only two touch downs of the game. The trip to the Panhandle was by far the most enjoyable one of the season and the boys will long remember their visit to the queen city of the plains.

Our Team

You ought to see our base ball men
For they are big and strong and fine
Dawson and Tom in first and infield,
And Touch is the one that wears the shield
Graham on second with Ray on third,
And to talk of our pitcher would be absurd,
While Ray puts out all that ever get by;
Not one slips past Doty on the sly
Jewell or Frank, who catch the balls,
Are not at all lazy and don't play dolls,
But our short-stop Steve is a pride and joy,
He's a terror to all for he's some boy.
So you see it ranks with the very best,
And to all of our rivals we never give rest
So let's all give a big hurrah
For Sherman Peerless! Rah! Rah! Rah!

SOCIETY.

THE ATHENIAN

Opsters and the Football Squad

While those who know foot ball have found various alibis for the vanquished Amarillo Panhandle champions, the Senior cooking girls have quite a different theory as to the cause of the success of the red and white in this particular game. At the noon hour of December 2, the day the team left for the west, this division of Miss Long's classes served an oyster dinner to Coach and the squad. The affair was quite an enjoyable occasion and the team was well sped on their journey in a most effective way. Miss Gough of the faculty was hostess.

Lady Teachers Banquet the Football Team

The victorious football squad met together for the last time on the evening of December 20. The occasion was a banquet tendered them by the cafeteria department. And to the team it was indeed a royal recognition of their successful efforts, on the part of the ladies of the faculty. A sumptuous feast was disposed of and then the surprise of the evening was sprung—mostly on the boys themselves. Various grid iron heroes were called upon to sing of the valor of their deeds (figuratively speaking) and Touchstone, Daubin, Captain Frank waxed eloquent in recounting different struggles.

The election of a leader for 1916 took place at this time and by a unanimous vote Delmar Cobb was chosen, on nomination by Frank. After the banquet, sweaters bearing insignia were awarded thirteen eligible men.

Mothers Club Entertainment

On the evening of March 4 the Parent-Teachers Association held a benefit program and social at the high school building which was enjoyed by many, both young and old. The entertainment was furnished by the High School Band. An intermission between the Juniors and Seniors was a social affair of the Junior Class. On the lower floor candy and fortune telling booths could be found, while the Supper hall was reserved for tete-a-tete tables where couples could be served refreshments while listening to selections on the victrola. Proceeds of the entertainment were used in the cafeteria department.

Masks Off

The annual entertainment given the Seniors by the Juniors was held at the Y. M. C. A. on the evening of April 8, and the affair offered an appreciated change from formal social functions in that it was a masquerade. Many grotesque ex-

times were in evidence and, following a grand march before judges, prizes were awarded Miss Dorothy Blair, masked and dressed as a witch and Mr. Tom Reeves, as a Chinaman, for the most effective make up. Punch was served by Miss Henderson until the cowboys and other rough characters present exhausted her supply at the point of pistols. (Weren't you scared, Miss Henderson?) Games and old-honored dances were in progress and refreshments of punch and cake were served to about fifty couples. And then we went through town to "show off" our costumes and visited a movie.

A Formal Lunch by H. S. Girls

On Wednesday morning, April 3, at 11:30 o'clock, Miss Long was hostess at a five course luncheon given by members of the Senior domestic science class. Table decorations of red geraniums artistically arranged and dainty hand-made place cards were in evidence. Covers were laid for the following guests—Mesdames Irvin, Dorsett and Holt.

Spanish German Picnic

Five "Spaniards" and three "Germans" chaperoned by Misses Henderson, Long and Nevil, spent Sat., April 29,

at Erisco crossing "fishing." The outdoor picnic was enjoyed by all but we failed to get a bite. Miss Henderson scared the fish away when a plank on which she was crossing the creek gave way wetting her feet.

April Fool Cats

Among the many unique luncheons prepared by the Senior domestic science class was the "April Fools" luncheon given on April 1 with Miss Edna McDonald as hostess. The menu was one that has been a complete mystery but which the guests declare was of splendid taste. (Probably hot chiles.) It was

A Sherman High School Boy's Idea of School in Spring

I never like to study
At this time of the year
But of course I just have to
For final exams are near

I want to go now into
In some quiet shady pond
and I always says to me
"My son, you must go to school"

The teachers don't quite understand
And fuss at me all day
When I plan to go a fishing
"Ninth period for you," they'll say

I have the worst off time,
But just you wait till May,
Then I can do as I please
And fish the last long day

Springtime

Winter has passed. Spring is here,
The liveliest time of the year.
The birds have come, the gray clouds gone,
The flowers are blooming across the lawn.

Outside the door, what do we see?
The clear blue sky, the budding trees,
Honey-suckle turning round the door,
Barn swarming honey for the bees to adore.

The roses on the garden wall,
The very prettiest flowers of all,
And all the other flowers smile,
All, now indeed is life worth while.

—McC. Templeton, '38

High School

Did you ever go to High School?
Or to anything like that?
Did you ever get a scolding?
And be made a little brat?
Then you've missed a whole lot in your life.

Did the teacher ever ask you
If you had an ounce of sense?
Did you ever have to stay
After school for some offense?
Then you've had a lucky escape after all.

Did you ever go to class
And not know a single thing?
Did you ever
When it's warm in early spring?
It's the hardest thing to do I've ever tried!

If you ever go to high school
Be careful what you do
For there's a teacher always ready
Writing down demerits for you
Then you'll wish you'd been better from the start.

But be sure to go to ball games
And to have a good old time
Only have the high school spirit
And you'll get along just fine
Then you won't mind the accidents near so much.
